

## **PDA's Educational Courses**

### **New! PDA Surface Preparation Course - Concrete**

The purpose of our new Surface Preparation Course is to provide state of the art information and technology on the proper surface preparation of concrete to receive Polyurea applications. It is be a must see for applicators new to the industry or those fine-tuning their techniques.

*For dates on upcoming courses or to request a course in your area, please contact PDA Headquarters at 816-221-0777 or [info@pda-online.org](mailto:info@pda-online.org).*

### **Introduction to Polyurea for the Applicator and Contractor**

One of our most popular courses designed specifically with the applicator and contractor in mind, this session expands on topics of physical properties of polyurea, testing procedures, surface preparations, application procedures and techniques, and advances in and types of equipment.

*For dates on upcoming courses or to request a course in your area, please contact PDA Headquarters at 816-221-0777 or [info@pda-online.org](mailto:info@pda-online.org).*

### **Polyurea Applicator Spray Course – Hands-on experience!**

The course identifies the many elements involved in the successful operation and set-up of Polyurea spray equipment as well as an in-depth analysis of commercially available equipment designs and necessary hardware components to assure successful operation and spray application of polyureas. Our Spray Course is taught by two of the most respected leaders in the polyurea industry, Dudley Primeaux II and Doug Commette.

Experience four full days of hands-on, applied education in combination with a classroom-learning setting. **We limit the class to 25 people** so that everyone is involved in the operation of equipment and can also heavily participate in our open-discussions. You learn from the instructors, but also from each other. The final day concludes with a multiple-choice test.

*For dates on upcoming courses or to request a course in your area, please contact PDA Headquarters at 816-221-0777 or [info@pda-online.org](mailto:info@pda-online.org).*
